

CANADA'S GOOD TIMES.

The Immigration During 1906 Was 216,000.

While it is well to heed every word of caution from the leaders in commerce and finance and to avoid all speculative ventures that lack a solid business foundation, it is clearly evident that there is no conspicuous weak spot in Canada's present era of prosperity. The Toronto Globe says: "The Dominion has in a commercial sense plenty of money, and our leading financial institutions are in a position to lend freely in the United States. The chief productive enterprises of Canada are not buoyed up by an era of dangerous speculation, but are following substantial business methods and finding safe and continuous markets for their goods. We are not bolstering up any industries by extensive export bonuses that must impoverish the people as a whole, and ultimately lead to collapse through the failure of the artificial aid. There is no extreme protection in Canada such as would create great fortunes for a few at the expense of the general public and lead to disruption and catastrophe. The prosperity of Canada has no artificial foundation being based on a healthy and substantial expansion of trade and industry, with a proportionate extension of productive settlement to new areas."

It is true that we are borrowing extensively for railway construction, but every line will bring new territory within the limits of profitable occupation, and will create prosperous settlements to bear the burdens and repay the outlay. We are not exhausting mineral resources, for it is quite reasonable to assume that, although mineral wealth is never permanent, ours will during the measurable future develop a far greater productive capacity than at present. Our timber wealth can be made continuous by a judicious policy. And agriculture, the real foundation of our prosperity, is expanding with every new expenditure on railway construction. We are not in the flush of a railway mania that could bring its punishment through the useless duplication of lines. The gigantic railway enterprises that now stimulate every line of business in Canada will create a new Dominion, and thus render easy the heavy burdens of debt now freely assumed. Canada's era of prosperity has been unprecedented, but there is no sign of weakness and no cause for lack of confidence. While our growth is normal and healthy, we need have no alarm at its rapidity. This article might have gone on to relate the great growth that is taking place in Central Canada, where thousands of Americans have made their homes during the past few years. The past calendar year has given to Canada by importation an addition of 126,000 to its population. Of this the United States contributed 63,781. The agents of the Canadian government, whose advertisement appears elsewhere, say that this number will be largely increased during 1907.

Many Americans Go to Canada.
Consul Harry A. Conant writes from Windsor that the total immigration from the United States into Canada for the four months of the fiscal year—July, August, September and October—was 17,907, as compared with 12,664 for the same period the year before.

In a Pinch, Use ALLEN'S FOOT-EASE.
A powder. It cures painful, smarting, nervous feet and ingrowing nails. It's the greatest comfort discovery of the age. Makes new shoes easy. A certain cure for sweating feet. Sold by all druggists, 25c. Trial package, FREE. Address A. S. Olmsted, Le Roy, N. Y.

No one is so insignificant as to be sure his example can do not hurt.—Lord Clarendon.

Paint Buying Made Safe
White Lead and Linseed Oil need no argument, no advertising to maintain themselves as the best and most economical paint yet known to man. The difficulty has been for the buyer to be always sure of the purity of the white lead and oil.

We have registered the trade mark of the Dutch Boy painter to be the final proof of quality, genuineness and purity to paint buyers everywhere. When this trade mark appears on the keg, you can be sure that the contents is Pure White Lead made by the Old Dutch Process.

SEND FOR BOOK
"A Talk on Paint," gives valuable information on the paint subject. Free upon request.

THE INDIAN BILL

The Amendments Offered by Special Committee Nearly All Stricken Out.

CANNOT ALIENATE LANDS

Full Bloods Must Retain Them for 25 Years—Surface of Coal Lands Can Not Be Sold Either.

Washington, Feb. 8.—The Indian appropriation bill received rough handling by the senate Thursday. The amendments of the committee, especially those suggested by the special committee, which went to the Indian Territory last summer to investigate conditions, were nearly all rejected on points of order.

The provision which allowed full-blood Indians of the Indian Territory to sell their surplus lands, was defeated by a vote of 31 to 22, which leaves in force the provision of law known as the McCumber amendment, prohibiting the alienation of such lands for 25 years.

The defeated provision has been the subject of debate for the greater part of the past two days. After it had been disposed of late Thursday the other committee amendments were defeated on points of order.

The coal land amendment, allowing the surface of the coal lands in the Indian Territory to be sold and which was regarded as of equal importance with that providing for the removal of the restrictions on alienation, was ruled out of the bill on a point of order made by Senator Tillman.

Among these defeated amendments were the following:

Allowing city and town officers in the Indian Territory to hold over until the fate of the new state constitution should be decided; requiring the recording in the courts of all Indian leases; authorizing the court of claims to adjudicate private Indian claims; allowing the surface of coal lands to be sold in the territory of the Choctaw and Chickasaw nations; allowing the cancelling of certain Indian allotments in Nevada in furtherance of reclamation projects; appropriating \$215,000 to investigate the legality of certain land transfers by the Mexican Kickapoo Indians of Oklahoma, and authorizing the attorney general to make such investigation.

Among the committee amendments accepted was one authorizing the survey of additional towns in the coal and asphalt land region in the Indian Territory; provision for the continuance of a pending suit affecting the distribution of tribal funds of the Cherokee nation; and a provision for opening the Blackfeet Indian reservation in Montana.

Claims Kansas City Real Estate.
Tulsa, I. T., Feb. 8.—Joseph Boulanger, the owner of 9,000 acres of land in the Osage nation has been in Tulsa consulting attorneys in regard to 41 acres of land in the heart of Kansas City. The Boulanger claim dates back to 1834 when he says his grandmother Marie Montague's name was forged to a deed for real estate of which the union station site was a part. Boulanger was born on the present station site. He bases his right to the land on a Missouri supreme court decision which says the right of heirs has no limitation.

Joplin Bankers' Bond Forfeited.
Joplin, Feb. 8.—The \$5,000 bond of George W. Layne, president of the defunct Joplin Savings Bank, charged with grand larceny was forfeited by order of Judge Hugh Dabbs in the circuit court here Wednesday. Layne is charged with grand larceny and with having received deposits for the Joplin Savings Bank after he was aware of its insolvency. The bank closed its doors six months ago with liabilities amounting to \$90,000.

Wants More Stringent Gambling Laws.
Topeka, Kan., Feb. 7.—Gov. E. W. Hoch sent a special message to both branches of the legislature Wednesday urging that more stringent prohibitory and gambling laws be enacted. The suggested bills were drawn by C. C. Coleman, former attorney general, C. W. Trickett of Wyandotte county and John Marshall, assistant attorney general for Cowley county.

A Jefferson City, Mo., Wreck.
Jefferson City, Mo., Feb. 9.—Five persons were injured in a head-on collision between a passenger and a freight train on the River route branch of the Missouri Pacific, Friday, three miles from here. Both engines were wrecked and the baggage car was telescoped. Several freight cars were smashed.

Colorado Senator Expelled.
Denver, Feb. 8.—Senator Richard W. Morgan of Boulder county, a republican, was expelled from the state senate Wednesday afternoon by a vote of 29 to 1. His expulsion was recommended by a majority of a special committee of the senate which found him guilty of having accepted a bribe.

Railroad Men Get Increase.
Washington, Feb. 6.—All conductors, trainmen and yardmen of the Southern railway are to receive an increase in wages aggregating between \$50,000 and \$400,000 a year. The advance affects hundreds of men.

Used Him as Eraser.
The late Dr. Henry Martyn Field some years ago related at a Williams alumni dinner a rather amusing incident of his freshman days at college. Being only 12 years old when he entered he had not reached the point where the natural friction between the big boy and the small boy ceases and he was at particular feud with one of his fellows, a stalwart country youth fresh from the farm. One day young Field went early to the classroom and put upon the big blackboard a very exasperating caricature of his enemy, with his name beneath. When the aggrieved party saw what had been done he said not a word, but catching up his youthful tormentor, he used him as an eraser and after rubbing out the offensive picture quietly took his seat.

NO RELIEF FROM ECZEMA

For Over Two Years—Patent Medicines, Quack Cures, and Doctors Fail—Cuticura Succeeds.

"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns, and I also tried all the patent remedies that I heard of, besides all the cures advised by old women and quacks, and found no relief whatever until I commenced using the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief, and was soon sound and well. C. V. Beltz, Tippecanoe, Ind., Nov. 15, '05."

Henry Clay and Lew Wallace.

"Mr. Clay was of a personality once seen never to be forgotten. Tall, slender, graceful, he had besides the air majestic which kings affect, imagining it exclusive property."

"Throughout Mr. Clay's performance my eyes scarcely left his countenance, which, as he proceeded, sank from sight until, by the familiar optical illusions, nothing of it remained but the mouth, and that kept enlarging and widening until it seemed an elastic link holding the ears together. Indeed, at this late writing, my one distinct recollection of the man and his speech is the mouth and its capacity for infinite distension."—Autobiography of Lew Wallace.

Of Interest to Women.

Every woman naturally should be healthy and strong, but a great many women, unfortunately, are not, owing to the unnatural condition of the lives we lead. Headache, backache and a general tired condition are prevalent amongst the women of to-day, and to relieve these conditions women rush to the druggists for a bottle of some preparation supposed to be particularly good for them, and containing—nobody knows what. If they would just get a box of Brandreth's Pills, and take them regularly every night for a time, all their trouble would disappear, as these pills regulate the organs of the feminine system. The same dose always has the same effect, no matter how long they are used.

Brandreth's pills have been in use for over a century, and are for sale everywhere, plain or sugar-coated.

Professor Jones to Retire.

Prof. George W. Jones, head of the department of mathematics of Cornell university will retire at the end of the present year. The board of trustees will ask the Carnegie endowment fund for a pension for him. Prof. Jones went to Cornell as the head of the department of mathematics in 1877 and has occupied that place ever since. He is one of the oldest men in point of service on the Cornell faculty. He is the author of several treatises and textbooks.

Red, Rough, Blotchy Skin
is usually the result of using a cheap, impure soap made from stale fat and alkali cheaply perfumed to disguise the real odor. A good soap costs no little that there is no excuse for buying the other kind. Buchan's Antiseptic soap is not only pure, but it is the only soap that is guaranteed under the new law. Moreover, it contains an antiseptic which protects the skin against disease. Ask your dealer for it. If he does not keep it send his name and address with 18 cents to Buchan's Soap Corporation, New York, who will send you a full size cake.

Work and Pray.
When we pray for any virtue, we should cultivate the virtue as well as pray for it; the form of your prayer should be the rule of your life; every petition to God is a precept to man. Look not, therefore, upon your prayers as a method of good and salvation only, but as a perpetual motion of duty. By what we require of God we see what He requires of us.—Jeremy Taylor.

The extraordinary popularity of fine white goods this summer makes the choice of Starch a matter of great importance. Defiance Starch, being free from all injurious chemicals, is the only one which is safe to use on fine fabrics. Its great strength as a stiffener makes half the usual quantity of Starch necessary, with the result of perfect finish, equal to that when the goods were new.

Be courteous in business. Manners are as necessary to business as polish is to a parquet floor.

You Look Prematurely Old
Because of those ugly, grizzly, gray hairs. Use "LA CREOLE" HAIR RESTORER. Price, \$1.00, retail.

PUTNAM FADELESS DYES color more goods, per package, than others, and the colors are brighter and faster.

Sometimes a woman's face overdoes it in the matter of telling her age.

TO CURE A COLD IN ONE DAY
Take LAXATIVE RHOZO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Our idea of a selfish person is one who is unable to remember a favor.

For a time, take Nature's medicine, Garfield Tea; it cleanses the system, purifies the blood and insures a normal action of liver, kidneys, stomach and bowels. Made of Herbs.

A kind thought toward a fellow mortal has but little virtue in it if it be not transmuted into a generous deed.—Rev. J. L. Spaulding.

That an article may be good as well as cheap, and give entire satisfaction, is proven by the extraordinary sale of Defiance Starch, each package containing one-third more Starch than can be had of any other brand for the same money.

Immense Catch of Dogfish.

What is declared to be a record landing of dogfish for any fishing port in England took place at Plymouth recently, when 110 tons of this fish was brought in.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address J. C. HENRY & CO., Toledo, O.

Sold by all Druggists, 25c. Each bottle a Family Pill for constipation.

English Tongue-Twisters.

The English language has its own peculiar terrors. Who would not pity the foreigner attempting to understand such sentences as "It was put in case in case it should rain." "The first one won one sovereign." "I will come by-and-by and buy a bicycle?" And how could you expect a German to get at the real meaning of the metaphors in the following sentence—"Being unhorsed he dogged his man and soon had him cowed?"

900 DROPS

CASTORIA

A Vegetable Preparation for Assimilating the Food and Regulating the Stomachs and Bowels of

INFANTS & CHILDREN

Promotes Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral. NOT NARCOTIC.

EXACT COPY OF WRAPPER.

THREE EPOCHS IN A WOMAN'S LIFE

MRS. ELVA BARBER EDWARDS MRS. GEORGE WALTERS

There are three critical stages in a woman's life which leave their mark in her career. The first of these stages is womanhood, or the change from a care free girl to budding womanhood. The second is motherhood, and the third is Change of Life.

Perils surround each of these stages, and most of the misery that comes to women through ill health dates from one or another of these important crises.

Women should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs has carried thousands of young girls over the critical period of puberty, has prepared mothers for childbirth, and in later years carried them safely through the change of life more successfully than any other remedy in the world. Thousands of testimonials from grateful persons, two of which are here published, substantiate this fact beyond contradiction.

Mrs. George Walters of Woodlawn, Ill. writes: "I feel it my duty to tell you of the good Lydia E. Pinkham's Vegetable Compound has done me in preparing for childbirth. After suffering and losing my children a friend advised me to try your valuable medicine, and the result was that I had very little inconvenience, a quick recovery and

During its long record of more than thirty years its long list of actual cures, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person.
